

# SIMPLI-FI

wifi for education

**We provide Wi-Fi  
for schools**

 **WiFi as a service**

 **3 Year service plan**

 **Money back guarantee**

# Our Story so far...

At Simpli-Fi our passion to become a wireless service provider thrives from our heritage of working within the Education sector with our sister company, Trusol a leading education IT & AV services provider for over 15 years.

Back in 2009 we discovered there was a real need to provide Wi-Fi as a service rather than just selling hardware within the education sector as Wi-Fi is critical to deliver the educational curriculum.

Our background within the education sector brings us together to provide a wireless solution to enable schools to spread their costs over a 3 year service level agreement to avoid a large capital expense.

Our focus is to provide your school with a fast, secure and managed Wi-Fi service to ensure you receive complete peace of mind and allow teachers to focus on what they do best, teach!

**Together we bring Wi-Fi and  
technology to **your** school**

# We provide WiFi as a service

- Guaranteed Performance - a set number of devices connected per teaching area as required
- 24/7 remote monitoring
- Next business day hardware replacement in the event of any hardware failures
- Firmware updates and onsite support.

**Giving you peace of mind Wi-Fi connectivity**

# Spread your costs over our 3 year service plan

We understand that it's difficult to make a lump sum payment in one go, which is why we offer our schools a 3 year service plan to spread the costs.

# Money back guarantee within 30 days

We're so sure you'll love our service that we offer a 30 day free of charge money back guarantee if you are disappointed with our Wi-Fi!

# Our Services

## Low set up costs

We offer our schools the chance to spread the payments over our 3 year managed service contract meaning no large upfront payments for you.

## No additional maintenance charges

Your Wi-Fi maintenance is covered within our service and we have no additional call out charges if you face a little glitch with your wireless service.

## Up to date Hardware

We love technology which is why we ensure that your hardware stays up to date. To keep you wireless network working at it optimum we carry out all firmware and software updates when they become available.

## Help-Desk & 24/7 Monitoring

Our technicians and remote monitoring software are always watching over your WiFi network to ensure your devices stay connected.

## Dedicated account manager

We understand that speaking to multiple contacts can sometimes leave you in a puzzle which is why we provide you with a dedicated account manager to take care of your school's requirements.

## Network Security

**Worried about security?** We make sure that your network stays secure with our firewall and security services.

## Enhanced Coverage

**Numerous devices?** Don't worry we have your wireless output covered allowing an unlimited amount of devices.

## Effective Use of School Premises

**Need Wi-Fi Outdoor?** Not to worry you can connect your devices throughout your school site.

## Mobile Technology Access

Our Wi-Fi works across all mobile technology devices including laptops, tablet and iPads allowing your teachers better access to IT & value for money.

## Wireless Guest Network

**Got Visitors?** Not to worry we allow for school visitor to log into your wireless without access to the network to eliminate any potential security risks.

## BYOD Support

We support the growing trend of Bring your own device to allow students, teachers and even parents to use their devices & safely connect anywhere on the school site.

## Portable Learning Hubs

Our Wi-Fi coverage allows your school members to connect anywhere giving your students and teacher the freedom to learn and teach anywhere at any time.

**we have had superb delivery of service**

Meena Walia - Head Teacher, Cranford Infant School, Hounslow

# “Why I would recommend Simpli-Fi unreservedly is that they will give you really good advice and they will meet all the deliverables you set for them”

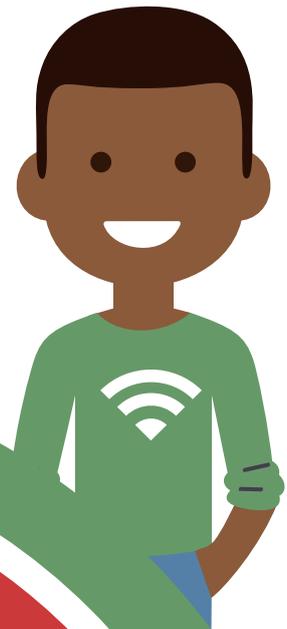

Our team at Simpli-Fi spoke to Justin James, headteacher at Barclay Primary School to find out the results from choosing Simpli-Fi as their Wi-Fi service provider.
